

Automotive Restoration Training

Do you have an antique car, muscle car, or just a project car that you want to restore but don't have the shop and tools to do the job? If so, you might be interested in the automotive restoration class at the ESTC. Automotive Restoration covers the basic skills applicable to automobile restoration, street rod, and custom car building as well as commercial auto body repair. Skills covered include dent removal, repairing rust damage, use of body filler, metal and fiberglass repair, basic wire and oxy-acetylene, fabricating and installing patch panels, trim removal, and installation as well as other skills fundamental to the auto repair industry. Students are required to supply all necessary hand tools for their projects; CCCC will provide the major auto body tools, including air tools as well as supplies such as sandpaper. Students must supply their own body filler, primer, and paint. For additional information and schedules of upcoming classes, contact the ESTC at (919) 776-5601 or (919) 777-7779.

Emergency Medical Technician Training

The Emergency Services Training Center offers the following EMT classes throughout the calendar year: Medical Responder (MR), Emergency Medical Dispatch (EMD), Emergency Medical Technician (EMT), Emergency Medical Technician-Intermediate (EMT-I), and Emergency Medical Technician-Paramedic (EMT-P). All of the EMS classes are approved by the North Carolina Office of EMS and qualify the student for the OEMS state certification exam. Call Jerry Cornelison at the ESTC at (919) 777-7776 for additional class information, including dates and times.

Firefighter Academy

January 2011 will mark the beginning of a new dimension in firefighter training for Central Carolina Community College. For the first time, the Emergency Services Training Center (ESTC) will offer a full-time Firefighter Academy for individuals who wish to attain the skills necessary for employment as a firefighter. The Academy will be a rigorous and challenging course of study consisting of a total of 849 hours. Class hours will vary but will generally meet 8:00 am to 5:00 pm Monday through Thursday and 8:00 am to 3:30 pm on Fridays. The Academy will begin on January 10, 2011 and will end with graduation on June 29, 2011. Graduates of the Firefighter Academy will receive EMT Basic, Firefighter I & II, HAZMAT Level One Responder, Technical Rescuer General, and Technical Rescue VMR certifications. Students will receive training in ICS, Rapid Intervention, Safety and Survival, Interview Techniques, and Physical Agility as well. The Academy will be conducted in a college-type atmosphere with uniforms required. For information on this exciting new firefighter training opportunity or for an application packet, contact Joey Shue, Fire/Rescue Training Coordinator, at (919) 777-7778 or visit the ESTC at 3000 Airport Road in Sanford.

Motorcycle Safety Training

Basic Rider Course (BRC) is designed for students who want to learn to ride a motorcycle and for re-entry riders who have not ridden in a long time. BRC students will ride motorcycles provided by the college. The BRC class meets on Friday 6:00P to 10:00P, Saturday and Sunday 8:00A to 6:00P, and 100% attendance is required. BRC graduates receive an exemption from the NC DMV riding exam when applying for a motorcycle license. Most insurance companies now offer discounts for BRC graduates.

Motorcycle safety classes are offered at the CCCC Emergency Services Training Center (ESTC). The ESTC is located off Hwy 78 between Sanford and Tramway on Airport Road at the Old Sanford/Lee County Airport site. Classes are limited to 12 students and are filled on a first come basis. Pre-registration and pre-payment are required! To pre-register by credit card, please call (919) 776-5601. To pre-register in person, please go to the Emergency Services Training Center at 3000 Airport Road. The class registration fee is \$120.00. There is a 48 hour minimum cancellation notice in order to receive a fee refund.
