# Student Employee of the Month

Frederick Bunao

"Working at the school has benefited me in numerous ways. First of all, working at the gym has allowed me to expand my network. It has allowed me to meet new people within the school who have, by extension, allowed me opportunities for personal growth and the learning of new skills. Second, the time constraints created by classes in the gym and its daily use by students has helped me develop the time management and discipline to do my job efficiently and effectively. Finally, immersing myself in the CFC environment has allowed me a renewal of my personal fitness goals and helped me to reach small milestones in the development of my ideal body".
