# ACCOUNTING PATHWAY

## Pathway Overview

- Designed to provide students with the knowledge and skills necessary for employment and growth in the accounting profession
- Using the “language of business,” students will learn to assemble and analyze, process, and communicate essential information about financial operations
- Skills in reading, mathematics, computer technology, analysis, and communication (both written and oral) will be developed, as well as the ability to work well as a member of a cross-functional management team, providing financial insight and guidance to other members of management
- Courses include Principles of Financial Accounting, Managerial Accounting, Income Taxes, Intermediate Accounting, Auditing, Accounting Software Applications, and Payroll Accounting
- Graduates will qualify for entry-level accounting positions in many types of organizations, including accounting firms, small businesses, manufacturing firms, banks, hospitals, school systems, and governmental agencies

Course availability and scheduling is subject to change. Please contact the Career and College Advisor at your assigned high school.
