# Central Carolina Community College's 2010 Annual Security Report

## From the Director of Campus Security and Safety

The following pages contain the 2010 Annual Security Report for Central Carolina Community College. The report includes crime statistics for all our campus locations and facilities as well as Security Policies and Programs as required by the **Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act**. The report will provide you with important information about the safety and security of our campus locations and as you review these statistics, you will see that Central Carolina Community College makes every effort to maintain a low crime rate at our facilities. This is due to the collective efforts of the CCCC campus community, our law enforcement partners and the communities in which we are located and serve. Crime prevention, security awareness and risk identification is the responsibility of everyone and communication is a critical component to the overall success of our campus security programs.

I want to thank you for taking the time to read this report and hope that it is informative and helpful. If you have any questions, comments or suggestions, please contact me at 919-718-7211.

The Student Right to Know and Campus Security Act (Public Law 101-542) was signed into law by President Bush in 1990 and went into effect on September 1, 1991. Title II of this act is known as the Crime Awareness and Campus Security Act of 1990. It added crime statistics for the most recent three years, disclosure of the institutions current security policies and required timely warning to be issued by the institution.

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act was passed in 1998 (20 U.S.C. 1092 (f) and the U.S. Department of Education (ED) issued the final regulations which became effective on July 1, 2000. It required the ED to collect, analyze and report to congress the incidences of crime on college campuses. It also required those institutions who participated in federal student aid programs to disclose to students, faculty, staff, and, upon request, prospective students information regarding the incidence of crimes on campus as part of the campus security report. Institutions that have a campus police or security department are required to maintain a daily crime log that is available to the public.

The Campus Security Act requires colleges and universities to:

- Publish an Annual Security Report every year by October 1<sup>st</sup> containing the previous three years of campus crime statistics and certain campus security policy statements:
- Disclose crime statistics for the campus(s), public areas immediately adjacent to or running through the campus and certain non-campus facilities and remote classrooms. Statistics must be gathered from campus police/security, local law enforcement and other “institutional officials who have significant responsibility for student and campus activities;”
- Provide “timely warning” notices of crimes that have occurred and pose an “ongoing threat students and employees;”
- Disclose in a public crime log of any crime that has occurred on campus and is reported to the campus police/security department.

The Director of Campus Security and Safety is responsible for preparing and distributing this annual report with the assistance and cooperation of senior leaders of this institution. The administration, faculty and staff at CCCC are committed to providing an environment that encourages learning and educational pursuits. Campus Security is charged with maintaining a safe and secure environment for the campus community. This cannot be done by campus officials alone, everyone must share the responsibility and work together to maintain a safe

learning environment. Your cooperation in reporting suspicious and criminal activities will enhance these efforts.

## **Campus Security**

CCCC utilizes a combination of contract security personnel and off-duty Law Enforcement Officers (LEO's) at its campuses located in Lillington, Pittsboro, Sanford and Siler City and West Harnett and Dunn locations.

Contract security personnel are licensed by the North Carolina Private Protective Services Bureau and must successfully complete the required training approved and mandated by the NC Private Protective Services Bureau. They also receive training through their licensed employers as well as site specific training at their assigned locations. Security personnel will contact local law enforcement authorities for incidents that require the powers of arrest and/or further criminal investigation.

Law Enforcement Officers working at CCCC locations are sworn officers and have the authority to enforce all local, state and federal laws.

Campus Security patrols their assigned locations by foot and vehicle patrols and keep in communication with each other and site personnel through portable radios and cell phones. They respond to medical emergencies, traffic accidents, criminal activity and other incidents requiring emergency response or assistance.

CCCC works closely with local, county, state, federal law enforcement and other emergency responders. Absent of memoranda's of understanding, we count on these agencies to provide a wide range support services and criminal investigative expertise.

Security Awareness and Crime Prevention is addressed College Personnel Orientation, CCCC Policy and Procedure manual as well as published in the Student Planner and Handbook distributed to students and faculty each academic year.

## **Access to Campus Facilities**

Access to any of the colleges buildings are normally from 7:00 AM to 10:30 PM during school instructional days, schedules may vary by location and during summer semester. Control during the off-hours is by key or by an access control system/device. Only authorized personnel have been issued keys or access to electronic systems. Doors are opened and/or secured by campus security personnel or designated faculty and staff.

Access during closed hours must have the approval of the person responsible for the area and students must be accompanied by a staff member or have written approval. Campus Security must be notified in advance.

## **Security Considerations in the Maintenance of Campus Facilities.**

Exterior lighting and landscape control are part of the colleges' commitment to campus safety and security. Campus Security personnel routinely conduct light surveys and report deficiencies to the maintenance department as part of their routine patrol.

## **Reporting Criminal Incidents and Emergencies**

We encourage our college community to report all criminal, suspicious activity and other emergencies as quickly as possible. At the Sanford campus, emergency two-way call boxes have been placed around the campus, by pressing the red button; the user has direct contact with Campus Security personnel and other site staff by portable radio communications.

## **Sexual Assault Policy**

Central Carolina Community College actively promotes a campus environment that maintains the dignity of all members of the campus community. To maintain this dignity, Central Carolina community College will not tolerate any form of sexual assault, rape or nonconsensual sexual activity.

Members of the campus community found to be in violation of this policy will be subject to disciplinary action including, but not limited to, suspension and expulsion from the College. This policy will be enforced using internal disciplinary procedures, and the encouragement of external prosecution of alleged offenders. Student development counselors are available to all members of the campus community to assist in preventing and responding to sexual assault.

Violations of this policy shall include, but are not limited to the following:

- Any form of nonconsensual sexual intercourse, committed by physical force, coercion, threat, or intimidation, actual or implied, by a person(s) known or unknown to the victim.
- Any actual or attempted nonconsensual sexual activity by a person(s), known to unknown to the victim, defined as, but not limited to, a) sexual intercourse or sexual touching committed with or without physical force, coercion, threat or intimidation; b) exhibitionism or c) sexual language of a threatening nature. Nonconsensual sexual activity shall include, but not limited to, situations where the victim is unable to consent because s/he is physically helpless, or is mentally incapacitated due to drug or alcohol consumption or is unconscious, regardless of whether or not the consumption was with the victim's consent.

Students who are victims of sexual assault are encouraged to file a complaint with either a counselor in the Student Services Office, the campus Provost, the Dean of Student Services, or the Vice President of Student Affairs as soon as possible after the alleged incident. Parties not directly related to the college may also file complaints when a relationship to the mission and interest of the college can be shown. Complaints by or against students will be forwarded to the Vice President of Student Affairs for resolution within existing disciplinary procedures. Complaints by or against college employees will be forwarded to the director of human resources for resolution with existing employee advocacy and disciplinary procedures. College security staff may be asked to support in the reporting and investigation of incidents of sexual assault.

Procedures for disciplinary actions are found in the CCCC Student Code of Conduct, Student Rights, Responsibilities and Judicial Procedures. They are found in the Student Planner and Handbook which is available online at the CCCC website or at the Student Center. In complaints involving allegations of sexual assault, both the accuser and accused are entitled to have others present at their separate proceedings and both will be informed of the outcome.

CCCC encourages victims to report any sexual assault to the law enforcement agency having jurisdiction where the assault took place. This action does not obligate the victim to prosecute but does make legal action possible if the decision to prosecute is made at a later date. Victims are encouraged to seek medical attention immediately for possible internal injuries or sexually transmitted diseases. The collection of medical evidence is critical should the victim choose to prosecute at a later time.

## **Sexual Harassment Policy**

The college is committed to providing and promoting an atmosphere in which individuals may realize their maximum potential in the workplace and/or the classroom. Sexual harassment is a violation of both state and federal law and will not be tolerated. Sexual harassment is defined as deliberate, unsolicited, unwelcome verbal and/or physical conduct of a sexual nature or with sexual implications.

Any student who feels that he or she has been subjected to acts of sexual harassment should report the incident immediately. The individual may choose to report the incident either during a private and confidential discussion of the issue with a counselor or by initiating a formal complaint to the Vice President for Student Affairs.

A student desiring to pursue the issue through a confidential setting should discuss the matter with a counselor on an informal basis. An employee desiring to pursue the issue in a confidential setting should meet with the director of human resources. During this private and confidential discussion, the counselor or director of human resources will help the student or employee determine the best course of action to resolve the situation. If desired by the individual, the counselor may facilitate a discussion between the parties involved in order to resolve the situation as quickly as possible. Any resolution will close the matter.

A student can report a formal complaint of sexual harassment to the Vice President for Student Affairs. An employee can report a formal complaint of sexual harassment to the director of human resources. All formal complaints of sexual harassment will be investigated. The administrator receiving the initial formal complaint will initiate an investigation immediately for resolution within existing student or employee disciplinary procedures.

## **Campus Sex Crimes Prevention Act**

The federal Campus Sex Crimes Prevention act was enacted in October of 2000 and went into effect on October 2002. The law provides for the tracking of convicted sex offenders enrolled at, employed at, institutions of higher education. It also requires the institution to provide the community how to access this information

In North Carolina, the North Carolina General Assembly created North Carolinas first sex offender registration law in January of 1999. In 2008, the legislature passed three new laws including the *Jessica Lunsford Act*. These laws made many changes to including banning certain sex offenders from premises regularly used by children including schools, children's museums, child care centers, nurseries, playgrounds, etc.
