

# 📍 Retention Milestones 📍

A student's journey through college is about reaching milestones. Picture mile markers on a highway - with each checkpoint, students get closer to their destination. But, accidents happen. Students run out of gas or veer off course. The below graphic explores three mile markers on the road to success and the potential roadblocks that come with each.

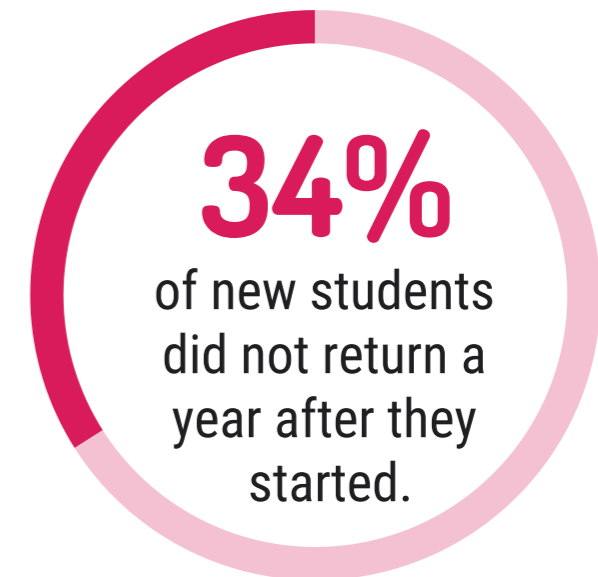

## Registering for Courses

## Staying for the Entire Term

## Returning for Next Year

## 🚧 Potential Roadblocks 🚧

45% of applicants who did not register indicated they had a problem with the enrollment process.

22% of students didn't know their faculty advisor and only 20% of students interacted with the Tutoring and Academic Assistance Center.

Students cited **juggling work and school**, **feeling stressed out**, and **feeling overwhelmed** as potential reasons for leaving.
