Makerspace Monday

We're excited to share that Makerspace Monday, a student favorite, has now expanded to all three CCCC campuses!

Whether you're new to the concept or a regular participant, Makerspace Monday is all about giving you the chance to unwind, take a break from your studies, and let your creativity flow. It's a space where you can explore new ideas, work with your hands, and create something just for the fun of it. Activities change throughout the semester, and the Lee and Harnett campus libraries have a dedicated area with past Makerspace activities available at all times.

We're thrilled to bring this creative outlet to more students, offering a fun and relaxing way to take your mind off classes and get inspired. Please note that Makerspace supplies are limited and are available on a first-come, first-served basis.
