

Arts

ASSOCIATE IN ARTS

ABOUT THE PROGRAM

The Associate in Arts program prepares students for completion of a bachelor's degree in fields as varied as business, history, psychology, English, and many more. Students who complete an AA degree will be able to transfer 60 credit hours (the equivalent of four semesters of study) to another college or university to complete their undergraduate degree. The AA may be completed through seated or online classes or a blend of both. AA students work closely with academic advisors to help them transfer to both public and private universities and colleges. Transfer within the state of North Carolina is done by way of the Comprehensive and Independent Articulation Agreements.

Possible Employment In Industry

North Carolina Articulation Agreements:

None

CCCC Career Community

The Arts career community serves a diverse, imaginative student population that enjoys creating content. These students are socially engaged, global thinkers who are aware of current events and enjoy reading, writing and communicating. They may be interested in earning a four-year credential or owning their own businesses. Graduates are employed in a variety of roles including lawyer, interpreter, copy editor, radio personality, and music producer.
