### **1. Approve Form 3-1 Amendment 2 for Moore Center Main Building Renovation**

*Action: Motion to Approve Form 3-1 Amendment 2 for NCCCS Project # 2682 Moore Center Main Building Renovation Project.*

Additional funds (\$205,000) are being allocated to this project for two purposes: 1) to subsidize the hiring of a Construction Manager at Risk firm to provide pre-construction project management services and 2) to support the contracting of engineering firms for field investigation services during the pre-construction phases of the project. The source of these funds is a major gift via the CCC Foundation, Inc.

The [Form 3-1, Amendment 2](#), contains the descriptions and financial information regarding the project and the amendment.

## **For Information Only**

### **1. Building and Grounds Updates**

#### **Capital Projects:**

#### **Moore Center – Bioprocessing Building Renovation**

Design firm RS&H submitted construction drawings to the State Construction Office in November 2024 where it was in a “Pending” status as of January 27. An advertisement for general contractor services will be placed with SCO as soon as construction documents receive final approval.

#### **Moore Center – Main Building Renovation – Phase 1**

The college and SCO and working with Samet/Sanford to finalize proposed contract terms for pre-construction services. The estimated fee for Samet/Sanford is approximately \$155,000, which is in line with SCO expectations. Once SCO issues final approval of the proposed terms, a formal contract will be drawn up for Board of Trustees consideration and approval. An amended Form 3-1 has been drafted to reflect the allocation of donor funds to support the Construction Manager at Risk services and ancillary field investigation requirements anticipated during the pre-construction phase. A new monument sign was installed near Entrance A on Nash Street.

#### **Moore Center – Main Building Renovation – Phase 2**

While technically not a formal capital project yet, under the college's open-ended design agreement, Hobbs Architects has been contracted to perform a feasibility study for interior and exterior renovation of the remaining spaces in the Moore Center Main Building. Estimated completion date of the study is the end of March 2025.

### **Harnett Main Campus – Miriello Building HVAC Replacement**

Carolina Commercial Systems is in the final stages of equipment installation. Projected completion is approximately January 31.

### **Minor Renovation and Upfit Projects**

#### **Chatham County:**

- HVAC control systems are being replaced in Lucier Hall and the Chatham Community Library.

#### **Lee County:**

- Mini-split HVAC systems were installed in the Large Animal Facility in late October. Installation of a fire detection system, acoustical soundproofing panels, and an overhead door motorized opener are scheduled for completion prior to March.
- A new 40' x 60' open-sided bovine shelter is currently under construction in the pasture adjacent to the Large Animal Facility. The equine run-in shelter was upgraded with LED light fixtures, Plexiglas panels for ambient light, and new wooden stalls.
- New flooring was installed in the Business Services areas in Hockaday Hall over the holiday break.
- Cosmetic Arts instructional areas in Budd Hall were painted over the holiday break in December.
- Lower parking lots behind Powell Hall and Marchant Hall were restriped in November.
- Office areas embedded in Moore Center Main Building are currently undergoing cosmetic renovations (painting, flooring, ceiling tiles) to allow for staff to relocate from the Center for Workforce Innovation and Howard James Industry Training Center. Instructional programming at those sites (e.g., CAT welding, HVAC) will also be relocated to minimally upfitted, temporary spaces in the Moore Center Main Building. Moving both programs and employees from college properties in Lee County Enterprise Park will effectively allow for those sites and facilities to be sold in late 2025.

## **2. Security Update**

No resignations or turnover of staff this quarter. The Security Office has met with Capt. Jody Sellers of the Sanford Police Department and scheduled a spring active shooter drill for Lee

Main Campus on Friday, May 16, 2025. The vendor for the 23 additional surveillance cameras we purchased is on campus this week performing the installation.

### **3. Capital Project Partnership Opportunity with Harnett County Schools**

College staff have identified a potential partnership opportunity with Harnett County Schools that would create an academy-style program on Harnett Main Campus to serve dual-enrollment students and provide CTE pathways.

## **Full Board Agenda**

### **1. Approve Switch to Higher Learning Commission (HLC)**

*Action: Motion to Approve staff to begin the application for accreditation with the Higher Learning Commission.*

Pursuant to North Carolina Session Law 2023-132, titled "Revise Higher Ed Accreditation Processes," Central Carolina Community College (CCCC) began investigating the process of changing accrediting agencies. At the May 2024 Board meeting, the Board authorized CCCC to contact the U.S. Department of Education to seek permission to initiate this transition. An email requesting this permission was sent on May 28, 2024.

On December 13, 2024, we received a reasonable cause determination for changing accrediting agencies from the Department of Education. Subsequently, we met with the team at the Higher Learning Commission (HLC) responsible for handling new institutions. During this meeting, they confirmed that their process, which spans approximately 18 months, provides ample time

for CCCC to work collaboratively and meet all necessary requirements. This timeline ensures an efficient and compliant transition to a new accreditor.

## **2. Approve Proposal to Establish Men's and Women's Soccer Teams**

*Action: Motion to Approve staff to implement Men's and Women's Soccer teams as part of the College's athletic program.*

Central Carolina Community College proposes starting men's and women's soccer teams to enhance student engagement and attract a broader range of prospective students. With strong community support, a large pool of soccer players in the area, and a comparatively cost-effective setup compared to other new sport options, this initiative would provide meaningful opportunities for student involvement while strengthening ties with the local community. The estimated budget information begins on the following page.

## For Information Only

### 1. Enrollment, Retention, & Recruitment

#### Enrollment characteristics

- Curriculum headcount for SP25 is estimated to be more than 7% higher than SP24 and 18% higher than SP22. SP25 is going to be a record spring enrollment.
- Female enrollment: 62%
- Dual enrollment: 47%; Traditional students: 53%
  - 52% of traditional students are part-time (taking less than 12 hours)
- Largest non-transfer associate degree programs: Nursing, Veterinary Medicine Technology, Sonography, Dental Hygiene, Business Administration
- Homeschool: We have 116 students taking 370 classes with us this spring.
- K14 Promise: 367 students enrolled from the 2023 and 2024 cohorts; 58 applications for the 2025 cohort have been received

#### Retention

## 2. Transfer Updates

- CC hosted a successful Transfer Fair on Nov.4. Over 20 colleges and 100 students participated.
- Onboarding and Advising convened the Transfer Advisory Board on Nov.15. CC faculty and advisors had a robust discussion about transfer with representatives from nine of the college's transfer partners.
- Early Childhood Licensure students now have a clear pathway to Catawba College's online B.A. in Education. Catawba will accept up to 67 credit hours.

## 3. Title III Updates

- Title III funding runs through September 2026.
- Actively focused on improving student and staff processes through the implementation and refinement of technologies, notably Slate.
- Our external evaluator, the Belk Center (NC State), continues to assist us on developing and answering research questions related to community college best practices.

## 4. Capital Campaign Introduction

Central Carolina Community College (CCCC) proudly launched a comprehensive capital campaign, **themed Drive Moore Solutions**, at the Legislative Breakfast on January 17th. In coordination with the CCCC Foundation, this initiative aims to raise \$50 million to support the college's strategic priorities and long-term vision for the Moore Center.

---

The campaign is structured with two key prongs:

1. **Traditional Fundraising** – This involves making direct asks of individuals, industries, and foundations to secure philanthropic support.
2. **Legislative Advocacy** – This includes continued advocacy for financial support at both the state and county levels.

To ensure impactful and cohesive messaging for both components, CCCC has engaged NPStrategy, a third-party messaging firm. Planned deliverables from NPStrategy include additional video productions, legislative one-pagers, and the development of a dedicated campaign website. The campaign's narrative is further enhanced by the [creative work](#) of Robert Andrews from Wonder Story Telling.

The campaign is guided by a dedicated steering committee, which has agreed to lead this important effort. The committee is chaired by **Julian Philpott, Chair of the Board of Trustees**, and includes **Chet Mann** and **Jerry Pedley**, members of the Board of Trustees, as well as **Jan Hayes**, a representative of the CCCC Foundation Board.

## 5. Strategic Plan Update

### Strategic Plan Update for the Board of Trustees

The Strategic Plan Committee is actively meeting and making great progress. The team is currently reviewing data, including insights from the President's Focus Groups, and setting up additional focus groups to gather input from across the college community. In April, the College will work closely with the Board to get feedback on the values and mission that will guide the new plan.

The strategic plan leverages several critical data sets to ensure a comprehensive and informed process:

- 1. Enrolled Student and Recently Graduated Student Surveys**  
These surveys provide insight into the student experience at CCCC, highlighting areas of opportunity and potential challenges to address in the plan.
- 2. Climate Survey and Related Themes**  
The climate survey reflects employee perspectives, focusing on themes related to the employee experience, student experience, and community engagement at CCCC.
- 3. Focus Groups Conducted by Dr. Chapman**  
Dr. Chapman is leading focus groups with select divisions and departments across the college to gather diverse perspectives. This effort not only generates critical internal insights but also demonstrates strong leadership support, reinforcing buy-in for the strategic plan from the top and fostering a collaborative tone.
- 4. Focus Groups Conducted by the Strategic Plan Committee**  
The committee will conduct additional focus groups with students, other areas of the college, external partners, employers, and stakeholders to ensure a well-rounded understanding of priorities.
- 5. Data Report from Institutional Research (IR)**  
The IR team has developed an initial data report to provide foundational insights. The President's Council has refined the research questions, and the Strategic Plan Committee will provide additional input to produce a focused and actionable report.

The committee is on track to draft key goals and action steps early next year, with a finalized plan ready for Board review and approval in July 2025.

## 6. SACSCOC Updates

### October 2024:

SACSCOC requested additional information regarding the Mental Health Certificate and the Intellectual Disabilities Certificate, which was provided. Additionally, SACSCOC invited the institution to participate in a survey on transfer and learning mobility. A team consisting of Kristi
