As a client you will enjoy the relaxation experience of a facial, as well as the positive effects of skin treatments. Facials offer stress reduction and health benefits to clients. Facials are the core treatments of the esthetics industry. With the student's combined knowledge of skin analysis, product selection, and professional technical skills, you will experience the many benefits of facial treatments.

Facials

Acne Facial – A deep cleansing facial that helps unclog pores, regulate sebum production, while it minimizes breakouts and calms irritation. Extractions can be done if needed. **\$16**

Anti-aging Facial – A facial using products with antioxidants and vitamins that help the skin recover from damage, while it improves the barrier function properties and promotes healthy tissue regeneration. *(for mature or prematurely aging skin)* **\$16**

Basic Facial – A double-cleansing exfoliation technique with massage movements that manipulate products into the skin. It includes a mask and moisturizer with SPF. *(for all skin types)* **\$12**

European Facial – A double-cleansing exfoliation technique with European massage movements that manipulate products into the skin. It includes a mask and moisturizer with SPF. Applied to face, neck, and décolleté. *(for all skin types)* **\$16**

Express Facial – Ideal for those on the go. Your skin is cleansed, lightly exfoliated, and gently massaged. A mask is then applied, followed by a moisturizer. **\$8**

Light Therapy Facial – The Light Therapy Facial is a non-invasive facial using LED light therapy. This treatment is great for collagen stimulation and minimizing fine lines and wrinkles. **\$20**

Paraffin Facial – A double-cleanse that includes a warm paraffin mask that promotes deeper product penetration and increased blood circulation, while it also hydrates the skin. *(for dry, mature skin)* **\$16**

Rosacea Facial – Reduces redness and soothes skin, while it calms irritation and balances oil production. *(for skin with Rosacea)* **\$16**

Chemical Peels

Anti-aging Peel – A multi-vitamin peel for mature skin with minimal irritation. It provides intense exfoliation to the outer layer of the skin revealing a more fresh and healthy layer of skin. **\$30**

Beta Peel – For acne prone skin that refines and resurfaces the skin by exfoliating the outer layer of the skin, which enables product penetration. **\$30**

Glycolic Peel – A peel for non-sensitive skin that rapidly exfoliates the epidermal cells to help unclog pores and to smooth, texturize, and clarify complexion. **\$30**

Papaya Enzyme Peel – A peel for oily and combination skin types that exfoliates, purifies, and regenerates the skin. **\$26**

Pumpkin Enzyme Peel – A gentle peel for all skin types that softens the outer layer of the skin while eliminating impurities and dead skin cells. Great for sensitive or irritated skin. **\$26**

Rosacea Treatment with Zyme Peel – A light strength peel that enhances a deep cleansing facial. It refines skin texture by dissolving dead skin cells and stimulates new cell production and enhances surface glow. **\$30**

Specialty Treatments

Back Treatment – A treatment that includes a double cleansing exfoliation technique with massage movements that manipulate products into the skin. Includes a mask and moisturizer with SPF. **\$16**

Microcurrent – A device that mimics the body's natural electrical energy to reeducate and tone facial muscles. *(by appointment only)* **\$40**

Microdermabrasion – A mechanical method of exfoliation used to diminish sun damage, fine lines, and skin texture. **\$40**
